Finals Processes and Procedures:

All matches will be live scoring using the Central timer, all games will have extra time embedded into netball connect app and if needed will be activated if a game is a draw.

A committee member will help facilitate the extra time which will be 2 x 5min halves with a 1 min break. Rolling subs continue into extra time.

The team listed first will have the live scoring on their device but both scorers are to stand/sit together to score.

Players can only play in their registered teams, playing up needs to be approved by management prior to taking the court at the office.

If a game is prior to your scheduled game is in extra time, your game will be moved to a free court to allow for your game to start on time.

All umpires need to sign in at least 15 mins prior to your duty including the reserve umpires.
